

We Like to See You Shoot Above the Mark.

We like to show you a parlor suit and have you guess that the price is \$20 or \$30 more than we ask for it.

We like to have you point out a nice Dining Table and say: "That's the same as I saw at so and so's for \$15.00, and then find that our price is \$5.00 less than so and so's. We like to create those agreeable disappointments. Our store is full of them."

Better come and get disappointed agreeably.
